If yes, please indicate name, address and telephone number of the institution. \_\_\_\_\_

\_\_\_\_\_

***Please check the following statements:***

- The sites of removal of plants shall be restored to a natural appearance and the owner of the site shall approve site restoration.
- Persons with the knowledge and equipment shall accomplish the removal and transportation of the plants.
- The native plants used in the project shall be situated so as to be accessible to the scientific and regulatory community of the state.
- The ecology of the project site shall be conducive to the growth of the specific plants.
- Arrangements shall be made for a suitable permanent-planting site for all the surviving plants used in the research.
- Security of the project site shall be provided to prevent the theft or destruction of the plants being used in the research.
- The plants collected are not to be sold and are not for personal use.
- Written permission must be obtained from the state or federal land managing agency, or from the private landowner, or his/her agent, prior to collection, and the written permission shall accompany the permit.

**Please list the number and type of plant species to be collected**
