

CALIFORNIA DEPARTMENT OF  
FOOD & AGRICULTURE

Karen Ross, Secretary

April 13, 2015

Dr. Perry Durham  
Arizona State Veterinarian  
1688 W. Adams Street  
Phoenix, AZ 85007

Dear Dr. Durham:

**Subject: Rescinding Vesicular Stomatitis Requirements**

California no longer requires Vesicular Stomatitis statements on Interstate Health Certificates for livestock entering California from Arizona because it has been 30 days since the last positive Vesicular Stomatitis affected premise was released from quarantine.

Sincerely,

Annette Jones, D.V.M.  
California State Veterinarian
