

# Native Plant Listening Session

Governor Ducey signed Executive Order 2015-01 on January 5<sup>th</sup>. This order, to promote job creation and more customer oriented agencies, requires all state agencies provide an evaluation of their rules with recommendations for amending or repealing those that inhibit economic development, are burdensome, antiquated, contradictory etc.

**April 22, 2015, 8 am, Room 158**

**400 W Congress, Tucson**

There will be two listening sessions to gather input on:

Suggestions on current Division regulations impacting stakeholder's businesses

Issues with current service delivery and suggestions for improvements

Regulatory priorities for the Environmental Services Division

Please promote these two events to others with feet on the ground that will help us improve our processes, enhance overall safety and the quality of programs, and help in developing meaningful performance measures for improvement both short and long-term.

**Listening Session II—4/10—Phoenix, Arizona Dept of Ag, Room 206, 10 am**
