

Pest Control Advisors & Commercial Applicators

Pursuant to [A.A.C. R3-3-209](#), the following fee exemptions apply:

A state, federal, or other governmental employee who makes pest control recommendations or applies or supervises the use of restricted use pesticides while engaged in the performance of official duties shall meet the requirements of this Article, but is not required to pay a fee for either a PCA license or a commercial applicator certification.

Applicants who qualify for this fee exemption should check the government employee box when completing the application. The application will be provided once all applicable exams have been passed.
