### RULEMAKINGS TERMINATED IN 2013:

none

### PRIVATIZATION OPTIONS AND NONTRADITIONAL REGULATORY APPROACH UNDER CONSIDERATION: none

Executive Order 2012-03 limits the scope of rulemaking that may be undertaken through December 31, 2014. As a result, the Department anticipates that it will do very little rulemaking in 2013.

The Department has rules that include temporary fee increases for fiscal year 2013-14. If the Legislature provides authority to maintain these fee increases for another year, the Department will institute rulemaking to accomplish that.

The Department amended R3-3-101, -201, -202, -208, -402, and -502 to cover pesticide applications on golf courses using exempt rulemaking. The Department may also proceed with regular rulemaking for these amendments.

The Department has requested consent of the Governor's Office to conduct rulemaking by amending ASD rule 801 and creating a new dairy permit rule. The Department anticipates moving forward with this rulemaking in 2014 as well. The Department may also request consent to amend livestock self-inspection rules, including for the purpose of allowing seasonal self-inspection of exhibition swine.

**DISCLAIMER:**

Under A.R.S. § 41-1021.02(D), the Department is not prohibited from undertaking any rulemaking action, even if that action has not been included in this regulatory agenda.
