CONDITIONS FOR COLLECTION OF PROTECTED NATIVE PLANTS FOR SCIENTIFIC RESEARCH

In accordance with the provisions provided in Arizona Revised Statutes, §§ 3-906.B and 3-908.E, and Arizona Administration Code, § R3-3-1105

Please adhere to the following Scientific Permit conditions:

The sites of removal of plants shall be restored to a natural appearance and the owner of the site shall approve site restoration.

- ✿ Persons with the knowledge and equipment shall accomplish the removal and transportation of the plants.
- ✿ The native plants used in the project shall be situated so as to be accessible to the scientific and regulatory community of the state.
- ✿ The ecology of the project site shall be conducive to the growth of the specific plants.
- ✿ Arrangements shall be made for a suitable permanent-planting site for all the surviving plants used in the research.
- ✿ Security of the project site shall be provided to prevent the theft or destruction of the plants being used in the research.
- ✿ The plants collected are not to be sold and are not for personal use.
- ✿ Written permission must be obtained from the state or federal land managing agency, or from the private landowner, or his/her agent, prior to collection, and the written permission shall accompany the permit.
