INTRODUCTION

AGRPC GRANT PROGRAM

The Arizona Grain Research and Promotion Council (“AGRPC”) has established a Grant program to assist Arizona grain producers in identifying solutions to production issues. All research findings, abstracts, and reports resulting from funds awarded through this grant process shall be made available to Arizona grain producers through the AGRPC. The AGRPC is exempt from the provisions of Title 41, Chapter 24, Arizona Revised Statutes, relating to grants pursuant to A.R.S. § 41-2706(B)(6) and instead awards grants according to the competitive grant solicitation requirements of A.A.C. R3-9-205 (attached).

FUNDING SOURCE

Funds for the AGRPC grants are available primarily from assessments on the seed of barley and wheat of all classes produced in Arizona for use as food, feed, or seed or produced for any industrial or commercial use imposed pursuant to A.R.S. § 3-587 and A.A.C. R3-9-202.

For this grant cycle, approximately \$21,000.00 is available for the AGRPC grants. The AGRPC may award grants for multiple year projects. AGRPC may also award multiple grants from these funds contingent upon the availability of funds at the time of award. The AGRPC expects to issue Grant awards in August of 2019.

DEADLINES

AGRPC must receive completed applications no later than **5:00 p.m. (MST) on Tuesday, August 13, 2019**. Late applications received by the AGRPC shall be returned without review. Applications submitted by the August 13 deadline will be publicly opened, read and recorded beginning at 8:00 a.m. on August 14 at 1688 West Adams Street, Phoenix, Arizona.

Applications **must** be submitted on-line at:

RECORDS REQUIREMENT COMPLIANCE

As required by A.R.S. § 35-214, the awardee shall retain all books, accounts, reports, files, and other records relating to the acquisition and performance of the Grant award agreement for a period of five years after the completion of the Grant award agreement. GENERAL ELIGIBILITY REQUIREMENTS FOR ALL APPLICANTS

PROPOSED PROJECTS

A.R.S. § 3-584(B)(3) provides the AGRPC may participate in any program or project that the AGRPC determines appropriate to provide education, publicity or other assistance to facilitate further development of the Arizona grain industry.

The AGRPC is interested in projects that will address the economic sustainability of small grain production in Arizona, i.e. input resources.

A.R.S. § 3-584(C)(5) provides the AGRPC may make grants to research agencies for financing appropriate studies, research projects and programs to assist in the:

3. Improvement of production and handling methods;
4. Research and design of new or improved harvesting and handling equipment.

The AGRPC encourages collaboration by entities for community partnerships.

The AGRPC may schedule time for each applicant to orally present their proposal during its meeting expected to be held on August 28, 2019. Although presentations are voluntary, they are highly encouraged, as the AGRPC members may have questions of applicants that could be addressed at that time. Presentations may also be limited to 5 minutes or based on the number of presentations being made. The AGRPC Administrator will directly contact

applicants with specific date and time information, and an agenda will be published at least 24 hours prior to the meeting.
